U9 Jamboree

December 5th, 2022

Jus Jordan Arena, Iroquois Falls

Dear Coaches/Managers,

IFMHA would like to invite you to our U9 Half Ice Jamboree December 5th, 2022.

We will be accepting a total of 24 teams for this event in three different divisions. IFMHA has 36 inch cross-ice boards that create an oval shape and split the ice in half. Attending our jamboree will benefit your players with maximum ice time and touches while keeping the feeling of real boards in the game. It will also allow for your teams to see how the half ice format is facilitated.

Team compositions for the Jamboree are recommended to be 8 players and 1 goalie to allow for maximum ice time. Teams may be built with less than 8 players or more if needed, depending on how many players an association has in their novice program. **You may mix players from various teams within your association to create teams for this jamboree format.**

The jamboree will offer 3 divisions that teams may register within. We hope to create the following divisions A (Rep), B (Weaker Rep/ Stronger House), C (House) and accept 8 teams per division (24 TEAMS MAX). If you register multiple teams into the same division, we ask that you balance out your teams to allow for all the teams to be balanced based on abilities. Please do not stack all your best players on one team and make a second team with all your lower ranked players and enroll them into the same division.

Example: You might be an A center and create two equal strength teams for the A division and the next best 8 players might be better suited for the B division. You might also be an B center and your top 8 players might be very talented, so you could sign them up for the A division while another team registers for the B division. A House center could have 8 kids who would do well in the A or B division and another team of 8 could be registered in the C division. Or a C center where one team of 8 could be B division and another team of 8 could be C division.

We ask that teams please use their knowledge of your players abilities to place them appropriately.

Format and Guidelines:

- Games will be 4 VS 4 with a goaltender
- Games will run for 24 minutes - the buzzer will sound after 1.5 minutes to allow for line changes.
- The ice surface will be split up into 2 sections with 4 teams of 8-12 players playing at the same time
- **Team compositions are recommended to be 8 players and 1 goalie to allow for maximum ice time.** Teams may be built with less than 8 players or more if needed, depending on how many players an association has in their novice program.
- Line matching vs the opposing team during the game is required. Example coordinate with opposing team to match their 1st line vs the other teams 1st line and 2nd line vs 2nd line to allow for balance competition.
